## **The Jewish Star of David next to dollar signs**

Waters comes under fire after controversial concert footage shows a graphic depicting the Jewish Star of David next to dollar signs. He later stated via his website: "There are no hidden meanings in the order or juxtaposition of these symbols."

Roger Waters:

Also Waters: Going on and on about being silenced by some extraordinarily powerful unnamed body, the "Jewish lobby" who control the American media & music industry.

- Shall I continue, lads & gents?

## **Waters claims there is a "Jewish lobby" in the music industry**

Following an address at the UN in solidarity with Palestine, Waters encouraged Stevie Wonder not to play a benefit concert for the Israel Defense Forces, later conspiratorially telling Rolling Stones that the US media is under instruction from an unnamed body "not report these things to the American public." He then tells CounterPunch.org that he is being silenced by "extraordinary powerful" American "Jewish lobby" that presides over the music industry.

## **Waters compares Israel to Nazi Germany**

In a live conversation with BDS movement founder Omar Barghouti, Waters accuses Israel of using propaganda akin to the Nazi party's Joseph Goebbels, stating: "The thing about propaganda – again, it's not hard to go back to Goebbels or the 1930s. You understand the tactic is to tell the big lie as often as possible over and over and over and over again. And people believe it."

**Waters calls Sheldon Adelson the Jewish “puppet master” of the American government**

Waters makes the conspiratorial claim that Republican Party donor, Sheldon Adelson is the “puppet master” controlling American politics. He says that Adelson believes that “only Jewish people are completely human ... I'm not saying Jewish people believe this. I am saying that he does, and he is pulling the strings.”

What he sees as his advocacy for Palestine has for some crossed the line from legitimate criticism into bigotry, whether deliberate or otherwise. Waters' previous shows have had, for example, giant pigs emblazoned with the Star of David, alongside other symbols. Waters has repeatedly insisted his problem is Israel, not with Jews more broadly. However, as we discuss the subject during our interview, Waters argues that some Jewish people in the U.S. and U.K. bear responsibility for the actions of Israel, "particularly because they pay for everything."

faith attacks from those who want to smear and silence me because they disagree with my political views and moral principles.

The elements of my performance that have been questioned are quite clearly a statement in opposition to fascism, injustice, and bigotry in all its forms. Attempts to portray those elements as something else are disingenuous and politically motivated. The depiction of an unhinged fascist demagogue has been a feature of my shows since Pink Floyd's "The Wall" in 1980.

I have spent my entire life speaking out against authoritarianism and oppression wherever I see it. When I was a child after the war, the name of Anne Frank was often spoken in our house, she became a permanent reminder of what happens when fascism is left unchecked. My parents fought the Nazis in World War II, with my father paying the ultimate price.

Regardless of the consequences of the attacks

Sadly @rogerwaters you are antisemitic to your rotten core. Also a Putin apologist and a lying, thieving, hypocritical, tax-avoiding, lip-synching, misogynistic, sick-with-envy, megalomaniac. Enough of your nonsense.
