Yet [@TheeRougarou](#) just tweeted this Twitter meme. (See tweet #1 🙌 for explanation of meme.)

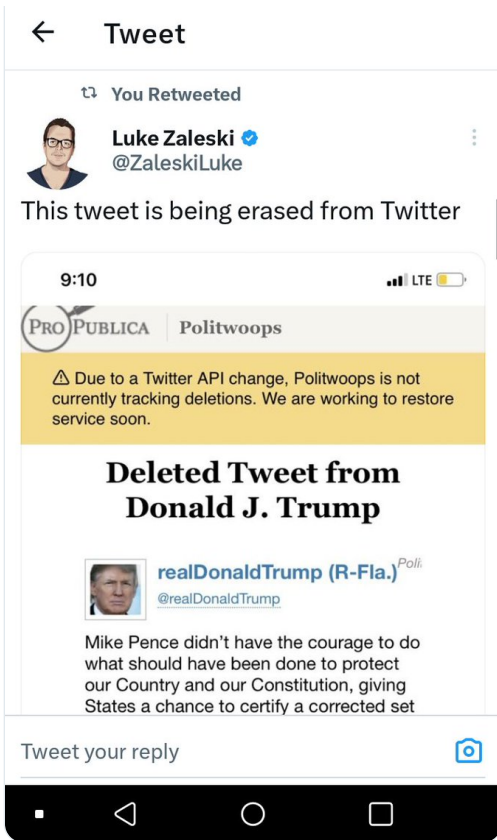

118/ Musk is creating an authoritarian version of "truth" using censorship, info manipulation, & AI "psyops" (#91 🙌)

Musk censors info 🙌 (& #76 🙌) & masks evidence-based info (signal) w authority-based noise (#112, 114-116 🙌)

Not at all. Mail in ballots require certain checks to get them and also have a curing process. Same day provisional ballots don't have that pre-check and more likely to be filled out wrong or rejected. For example in 2018, 1.5 million provisional were cast 600K were rejected.
