Hinkle neglects to mention this on his Twitter account and I was curious. Why? Who else has won it?

8 Let's go with Code Pink, Medea Benjamin.

Code Pink were present at Middle East conferences where Iranian, Russian and Syrian Dictatorship officials will all have heard Alexander Dugin, the Russian Facist speak

[#RageAgainstWar](#) [#Ukraine](#) [#RussianPropaganda](#)

That "multipolarity" really means, Dugin-style, a "traditionalist" federation of ethnostates throughout Eurasia which, he hopes, will be engineered by far right parties and states such as the Austrian Freedom Party, Italy's League, Iran and Syria - with Moscow as a kind of de facto imperial center. The Kremlin both openly and quietly facilitates and funds this political pivot away from NATO and a united Europe, through all manner of influence and funding campaigns.

9 Link to the above quote about Code Pink and the conferences where Iranian, Russian and Syrian officials and spies, rubbed shoulders with the European far left and far right

I decided to do a little digging into the sponsors for an upcoming astroturfed "anti-war" (viz. pro-Russia) protest (Rage Against the War Machine).

Here are these organizations and front groups listed, as well as their principals.

The protest demands are typical Kremlin fare.

3 Stop the War Inflation
The war is accelerating inflation and increasing food, gas, and energy prices. The US blew up Russian gas pipelines to Europe, starving them of energy and deindustrializing their countries. End the war and stop increasing prices.

4 Disband NATO
NATO expansion to Russia's border provoked the war in Ukraine. NATO is a

8 Abolish War and Empire
War and empire subjugate billions of people around the world to enrich a small group of elites. In just the past two decades, the US has waged and backed wars in Iraq, Afghanistan, Libya, Syria, Palestine, Yemen, Ukraine, and other countries. End all US wars and regime change. Stop all military aid to other countries. End drone strikes. Close all US military bases abroad. Bring all US troops home. Build a world that guarantees every person freedom from war and empire in place of the collapsing US hegemonic world order.

12 Final loop in on Medea Benjamin speaking at the [@RageAgainstWar](#) March

A question to ask Medea, is does she get paid for attendance at Iranian Dictatorship regime events (a regime murdering its own people)? I think we know the answer

[#RageAgainstWar](#) [#Ukraine](#) [#Fellas](#)

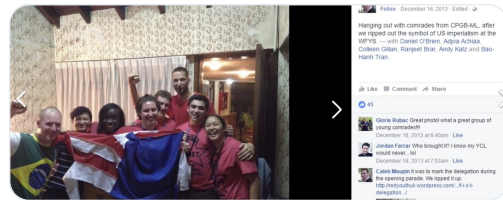

It's been a busy week for the Islamist terrorist support group Code Pink. Last weekend the **group was honored** by CAIR (**an unindicted co-conspirator for supporting Islamist terrorist groups**), a few days later Code Pink popped up in Iran being feted (yet again) by the Islamist state sponsor of terrorism, Iran.

Susan "Medea" Benjamin, a co-founder of Code Pink, was in Iran this week **participating in an Iranian government conference** whose **"goal is to unveil the secrets behind the dominance of the Zionist lobby over US and EU politics."** The Iranian government invited a rogue's gallery of anti-American, anti-Israel agitators and conspiracy theorists to attend the 2nd New Horizon Conference being held in Tehran including Benjamin whose group

13 And here is a snapshot of one of the @RageAgainstWar supporters, one Caleb Maupin.

A self-avowed communist, supporter of NK, Iranian and Russian Dictatorships, who happily destroys the US flag. Dictatorships that murder their own people
