So more stuff on [#ClintRussell](#) who had [#ElizaBleu](#) & [#ThaddeusRussell](#) on his podcast [#LibertyLockDown](#).

Ppl are desperately trying to give Clint an out, when he no way, shape, or form deserves. Whether or not Clint is a Pedophile is unknown. But why on earth have Thaddeus on?

He has recently stated on a podcast with Chrissie Mayr that he had NO intention of rehabilitating Thaddeus. Ok. But we also have no proof that Thaddeus has ever had underage sex, as his wife's teacher had. Which was his reasoning. This broke big because of Eliza, not Thaddeus.

Thaddeus had made a stance that adults, who had sex with underage teenagers, should not always be treated as a Sexual Predator. Clint was exposed to a bad idea & had NO INTENTION of countering it & trying to get Thaddeus to change and recant.

Before this a lot of ppl admired Thaddeus Russell. But for many, his new stance was rightly a bridge too far. But Clint brought on Eliza to get a victims side, except according to Clint, he had no idea she was going to it's also cool in certain situations. Which it is not.

At best Clint said & I'm paraphrasing, "but you do recognize that some ppl that young are victims?" To which Eliza said, yes. Not, "No, this is never right or acceptable." But, that ppl that young might be victims. Clint also goes on to talk about his facial expressions.

He says this is evidence that he isn't cool with any of this. Then why have Thaddeus on in the first place? Why upload the video, especially after Eliza made things so much worse? And here's the thing, I like a lot of ppl gave the Mises Caucus crowd a chance.

And for some time, Clint did seem different. But eventually, I caught on to his con. Clint did get pushback even before the podcast, because he Tweeted that ppl shouldn't cancel Thaddeus & maybe they should hear him out. And people disagreed.

If you pushed back on Clint, he would always find a way to relent. Originally, I thought he was just reasonable. But eventually I realized he did this to maintain followers & subscribers. This is also why Clint mass deletes his Tweets. He doesn't want a record of his double talk.

Not only that, his Tweets are no longer available on the Wayback Machine & I myself have personally added some of his Tweets to it. My best guess he used a VPN & European Right To Forgotten Laws to accomplish this, even though he is in the US. The man does not want receipts.

But going back to the Mayr podcast. Mayr & her cohost go on to state that they've all caught hell for having on guest, so they like Clint for doing what he did. But Thaddeus Russell was arguing in favor of adults bring allowed to underage sex!

Clint goes on to say he feels a kinship with anyone who gets canceled or is being silenced & that was was main reasoning. But I reiterate, people were furious at Thaddeus for saying adults in certain circumstances should be allowed to r*pe children.

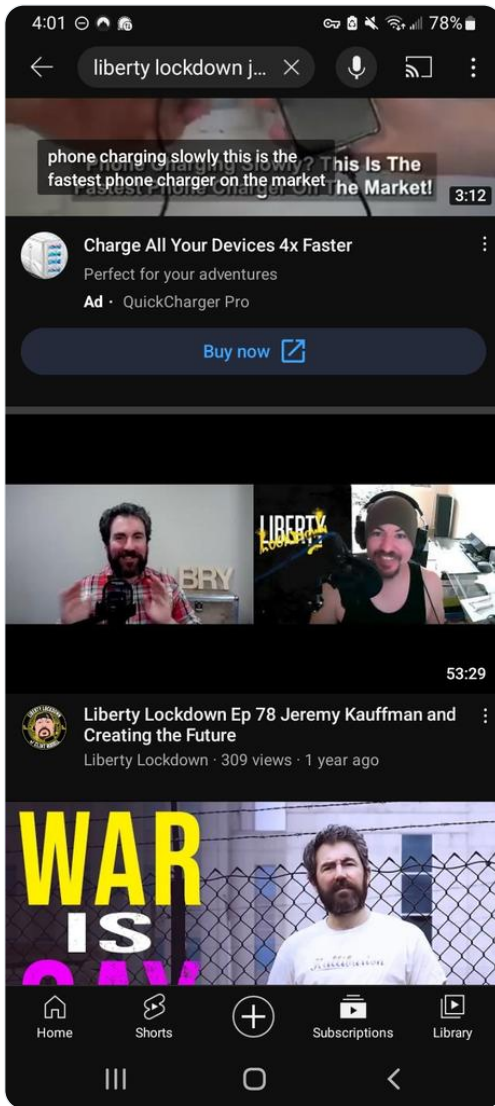

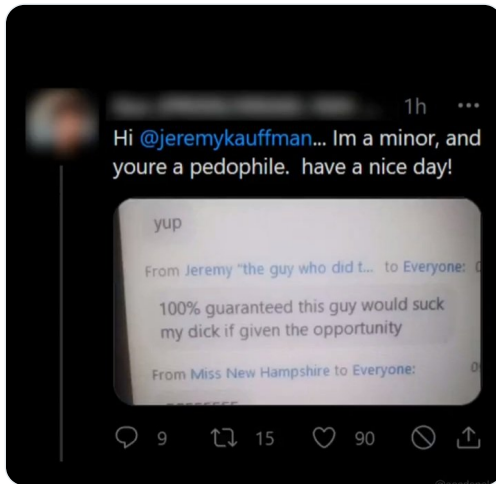

Mayr & her cohost went on to say that Thaddeus said even worse things after his podcast with Clint. This goes back to Clint saying he NEVER had an intention or goal of rehabilitating Thaddeus. He was never going to fight this. He was never going to challenge.

So of course Thaddeus went further. Clint enabled this. Thaddeus is on the record saying in certain circumstances a 13 year old girl can pay a 40 year old tutor with sex. And that brings me to my next point. Clint & the Mises Caucus love Tom Woods.

This is well known about Tom Woods. Clint & the Mises Caucus clearly don't have a problem with. But wait there's more.

We also have Jeremy Kauffman.

And by the way, this may be the most insane response to this. Also note that Eliza talks about the Community deciding. This is a concept of Hans Herman Hoppe, who the Mises Caucus should really be named after. They use this to push Segregation as well. And they don't stop at race

A faction of the Libertarian Party wants to build itself around the philosophy of Hans Hermann Hoppe.

Here is what Hoppe thinks about racial segregation, as per an unpublished 1996 memo.

only a supposition of a more general and far-reaching question of spatial integration (approximation) and disintegration (dissociation). Currently, the American cultural identity is threatened not only by the central government's multi-cultural policy of inter-racial immigration, but also by its multi-cultural policy of intra-national (domestic) migration, i.e., federal non-discrimination or affirmative action laws. Both policies lead to forced integration and thus should be discontinued. The authority to admit or exclude anyone from any territory should be stripped from the hands of the central government and re-assigned to the states, counties, cities, towns, villages, residential districts, and ultimately to the owners of private households and their voluntary associations. One would be well on the way toward this goal of restoring freedom of association and exclusion as it is implied in the idea and institution of private property

and households, if towns and villages could again do what they did as a matter of course until well into the 19th century in the U.S.: to post signs regarding entrance requirements to the town, and, inside in towns, requirements for entering specific pieces of property (no beggars, Jews, bondsmen, but also no Muslims, Jews, Catholics, Blacks, Chinese, Mexicans, etc.), and to kick out those who do not fulfill these requirements as trespassers. The central government's

The first screenshot was after the Club Q shooting. And here's Kauffman again, who now tries to blame this on poor wording.

I know some will try to say, this is just some YouTuber. This isn't top level Mises leadership. Dave Smith, Angela McArdle, & Joshua Smith all endorsed Kauffman. And not just over Reps & Dems, but over another Libertarian candidate to out performed Kauffman in the NH Senate Race.

And Dave has been on Clint's podcast several time & Clint & Reed Coverdale went on a Road Trip with Dave to help build up the Mises Caucus prior to the Reno takeover. Not to mention Dave has his own problems with this. None of this is isolated.

But the antisemitism has to be isolated right? Because Dave & his fanboys will never try to bait you into an accusation just so they can dunk on you with, "Dave is Jewish." Clint surely doesn't have this issue to. It's gotta be isolated right?

Not like they take to Ryan Dawson or anything. Except here's Dave with Dawson.

And if your unfamiliar with why reasonable, sane people have problems with Ryan Dawson, here he is on Joshua Smith Podcast.

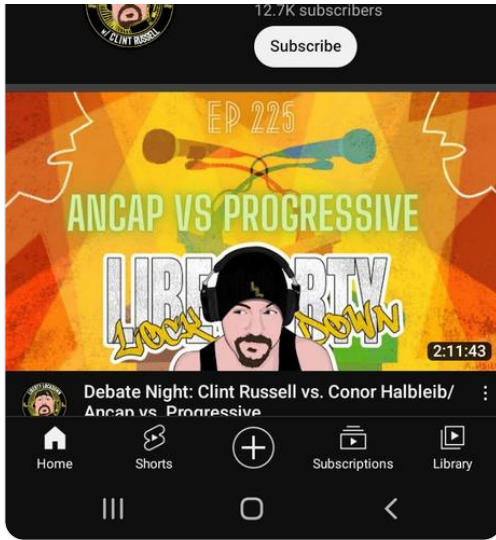

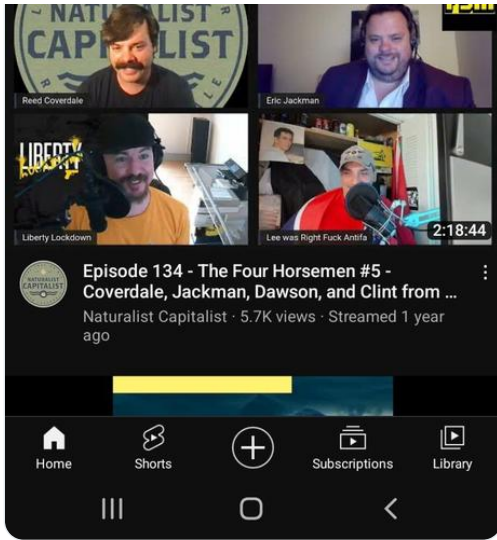

But surely he Dawson hasn't been on Clint's podcast. This just a one of. It's isolated. I'm just grasping at straws, right?

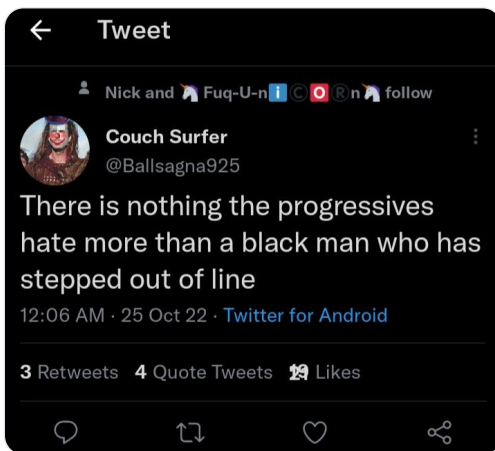

Not only has Dawson been on his podcast. He's one of his "Four Horseman." Dawson unsurprisingly is connected to Nick Fuentes.

So very, VERY isolated.

But let's look at Joshua Smith. Oh, wow. It's all the same views that keep popping up. I mean that's just a retweet though for that 3rd one. Not like Joshua could ever be on Clints podcast?

Oh.

But surely Clint also does try to defend Kanye.

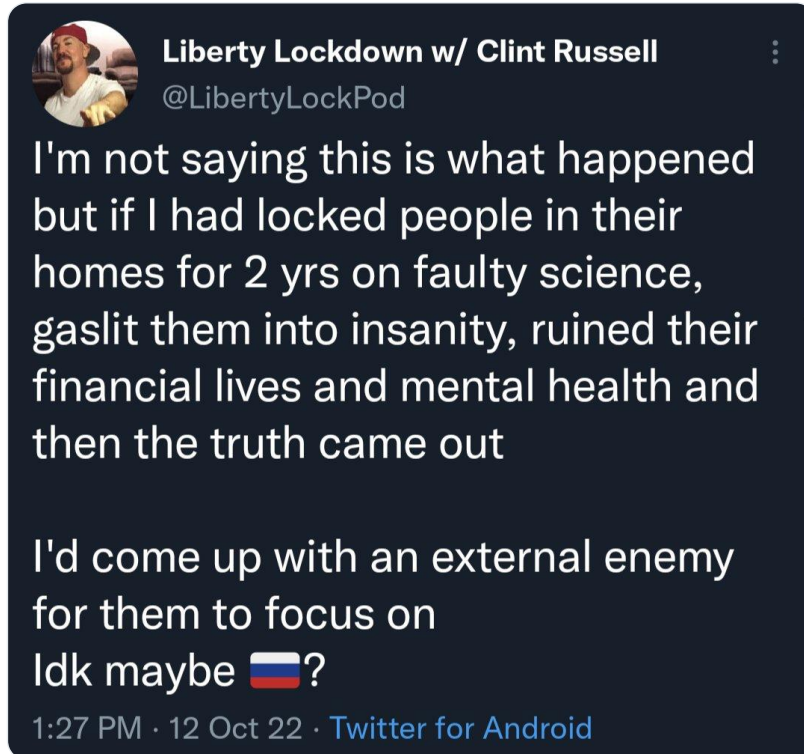

But this has to be isolated. I mean there can't be more from people he endorses like Kauffman, right?

At least Clint isn't a Russian Simp.

Ah, hell.

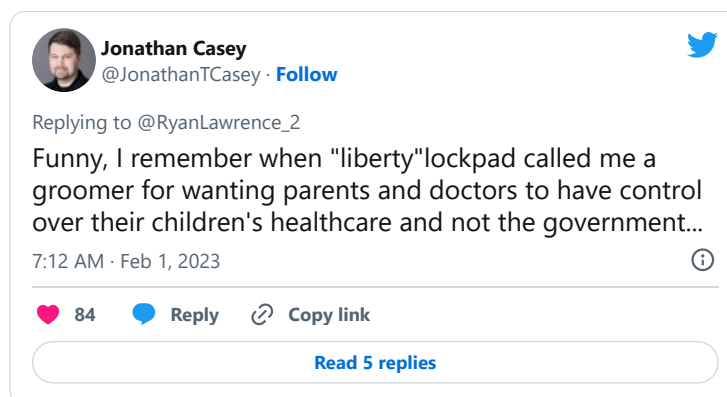

BTW, if you're wondering why I have screenshots even though Clint had locked his account & mass deletes Tweets, because i started taking them as a precaution against his mass deletions. These are even all mine.

Clint started to get on other people's radar. But the Eliza debacle finally hit him with a Big Spotlight.

Last night I went to Clint's Twitter to look for something & saw he locked his account. Clint also recently jumped on the Pedo-Satanist bandwagon where they leave hidden messages on plain sight. Ironic given what Clint & his say out in the open & broadcast for all the world.

But because of this I made a joke that another Pedo-Satanist locked their account after being found out. Today I was told this shouldn't be an accusation that gets thrown around all willy-nilly. Not like Clint accuses people all willy nilly . . .

But surely this has to be isolated. This doesn't keep happening.

Perhaps the one that takes the cake is this Tweet from LP National. If they are so worried about the sexualization of children, they clearly need to clean their own Hoppean House.

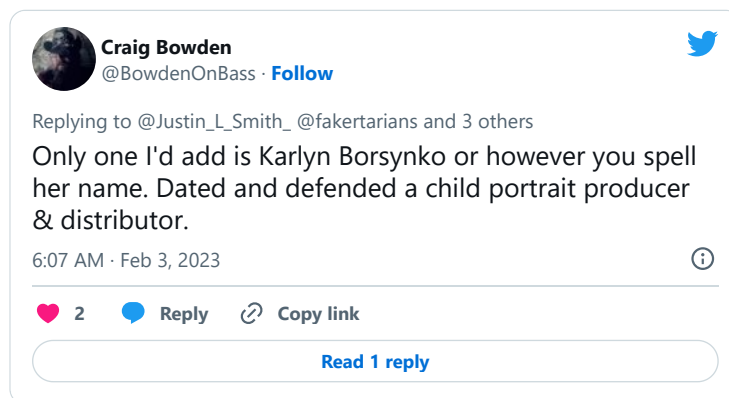

I'm almost done. Now I don't know of Clint is a Pedophile. I am sure he holds stances just so he can get subscribers for hit YouTube, because it's job now. He even deleted his Instagram. But if saying an adult can NEVER have sex with a child, should not be like pulling teeth.

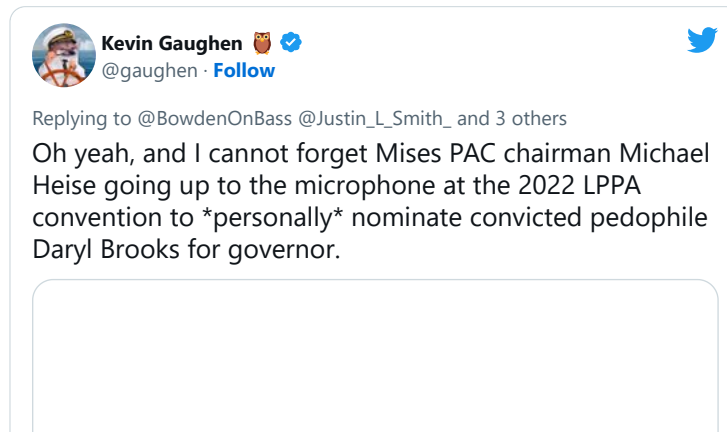

This should never be the thing you have to twist someone's arm for. This should take no pressure or a lot of convincing. Yet here we are. You can see a clear pattern. They all hit send. None of them have recanted or changed their ways. Matter of fact, they often double down.

[@fakertarians](#) [@gaughen](#) [@GrandTurion](#) [@BowdenOnBass](#) [@JoshBlackLiberT](#) if I have missed anyone or if you know of anything that could add value to the above thread, please do.

This happens too. Their are ppl who will try to say they didn't harm a child, but abuse advocates, lawyers, laws, & SCOTUS all maintain that this act refuses the victim & drives the creation of the content.

And Daryl Brooks who was the candidate for Governor mentioned early. He was convicted. But he was nominated by Michael Heise, who is the head of Mises Pac & who started the Mises Caucus to take over the Libertarian Party.

And here is video footage of Heise. This goes all the way to the top. And people like Fuentes who aren't in the Caucus keep popping with how they don't seem to have these problems. We have receipts. I know of a clip where Fuentes even denies a rape.

This is like having a significant other who keeps doing the same thing over & over again & ever so often they say they love you & apologize, but go right back to the bad behavior. Stop falling for their nonsense. They want you for money & votes. That's all.

I will eventually find the clip where Nick Fuentes is laughing & says no Sexual Assault occurred because the man had not penetrated the woman with his penis. But while trying to find that, I found that Fuentes ALSO doesn't believe in Age of Consent.

And what he is referring to with the assault is a very famous case that got a judge recalled. And Nick or the Podcaster he was talking to also inferred assault can not take place unless a man organisms. These ppl are all about power. No one's Consent means anything to them.
