Okay. I have to go here. There has been a systematic campaign to try to discredit Zelensky. It comes from one place: the Kremlin. Before I do details: ask why he has 90% approval in UKR and support from all of NATO, from people who see him every day & under great stress?/1

All of those folks will have enormously more info than you do and a much greater interest in an effective president. So could it be that you might be conned by a fake video or photo?

Occam's Razor./2

Start with the latest Russian re-assertion of a crazy story they try early in the war: Zelensky is a big cocaine user. Every attempt was been debunked (that they were faked should also tell you something -who has a motive?)/3

- How do you feel about coke (cocaine)?
- Awesome! Awesome! Energy man number one. Seriously!

Three claims accuse Volodymyr Zelensky of being addicted to cocaine

In recent weeks, people have been sharing at least three videos purporting to show Ukrainian President Volodymyr Zelensky either using cocaine or making incoherent remarks after allegedly consuming d...

Zelensky is worth about \$25M from his TV career, incl part ownership in the production company. He was wealthy before politics, but not a "billionaire."/6.

President Zelensky Is Not A Billionaire. So How Much Is He Worth?

Despite social media reports claiming he's a billionaire, Volodymyr Zelensky doesn't come close to making Forbes' global wealth rankings.

Before his trip to DC, a very fake story circulated that his wife went on a big shopping spree in Paris. Please click on the link to the original photo that was photo-shopped to insert her picture. Again, who would do this & why at that moment?/7

A Facebook user has posted a doctored photo to support a claim that the Ukrainian president's wife is living a life of luxury during the war with Russian invaders.

Fact Check: Did Zelensky's wife go on \$40K shopping spree in Paris?

Social media users speculated about an outing that the first lady of Ukraine allegedly took during her visit to France earlier in December.

Another story early on that people still refer to without checking: Zelensky was not in Kyiv or was faking his photos/vids from Ukraine. Totally bogus. But who would try this scam?/9

The biggest scam remains the money laundering claims. These have been adopted by many Americans because they fit into a narrative about Hunter Biden & many want them to be true. But playing your bias is part of any good scam./10

Biden's bagman was Poroshenko. The president Zelensky beat with 73% of vote in 2019. Zelensky probably provided half the FBI file on Biden, since Poroshenko & deals were investigated in UKR. Trump gave mil aid to Zelensky in 2019. /11

Zelensky is a "dictator," a totally bogus claim circulated by Tucker Carlson. All of his allegations are totally bogus. UKR has a functioning Parliament and court system [they have reversed Zelensky on some matters]. The one-liners are very deceptive./12
